Adams Nursery, Inc.

Office and Nursery
WESTFIELD, MASS.

Post Office
SPRINGFIELD, MASS.

Ninety-Third Year

We are located centrally in New England—Our office, nursery and storehouses are located on the Springfield-Westfield road, Route No. 20, six miles from Springfield and two miles from Westfield—Busses pass the Nursery at frequent intervals

TELEPHONES:

Springfield 6-0443

Westfield 863

Information

Guarantee

Three Months Guarantee: We aim to deliver nursery stock in first-class condition so that with proper after-care losses will be reduced to a minimum. Should any stock purchased at our retail prices fail to grow, we stand ready to re-supply the same without charge provided the account is paid within thirty days of date of invoice and such failure to grow is reported within ninety days of purchase.

We will cheerfully re-supply any plant found not true to name, or we will refund the amount paid for the same, but it is mutually understood that at no time shall we be held responsible for a greater sum than the purchase price.

SHIPPING METHODS:

Shipments will be forwarded as purchasers direct, but in the absence of instructions we will use our best judgment and forward plants by shortest and safest route.

QUANTITY RATES:

Plants offered in this catalog will be furnished at the annexed price only when the quantity specified shall be taken. Twenty-five at the hundred rate and five at the ten rate.

TERMS:

We are glad to extend thirty day terms to established accounts. Also to open new accounts, via references, if order amounts to \$10 or more. On first orders, for less than \$10 please send cash. Our guarantee is void on over-due accounts.

SHIPPING SEASON:

Our spring shipping season usually begins early in April and until about the first of June everything can be transplanted. Perennials and stock dug with a ball of earth can be moved at anytime during the summer. Our fall season starts with the digging of evergreens in August, followed in October by Deciduous trees and shrubs.

To Our Customers

SERVICE DEPARTMENT:

We maintain a staff of competent men, trained and experienced to assist home owners in selecting the proper plants for their proper locations. We shall be glad to submit plans and estimates, there being no obligation connected with this service, and no charge if plant material is purchased from us. Adams Landscape Service includes personal consultation on your grounds with these trained men whose only desire is to create beauty and a satisfied customer. You can place confidence in their suggestions as thousands of others have done before. Telephone for an appointment.

CASH AND CARRY:

During the spring and fall planting seasons we freshly dig with a ball of earth many plants for our cash and carry trade. Visit our nurseries often and take advantage of these special values.

DELIVERIES:

During the planting seasons our trucks frequently pass most points within a radius of twenty miles from Westfield. Deliveries will be made of retail orders at no additional charge within this radius when they may be incorporated on our regular trips. There will be a charge for special delivery service, and long distance truck delivery can be arranged at actual cost.

GARDEN CLUBS:

We will gladly supply an experienced lecturer during the winter and summer months. A small fee will be charged to cover only the cost.

PLANTING SERVICE:

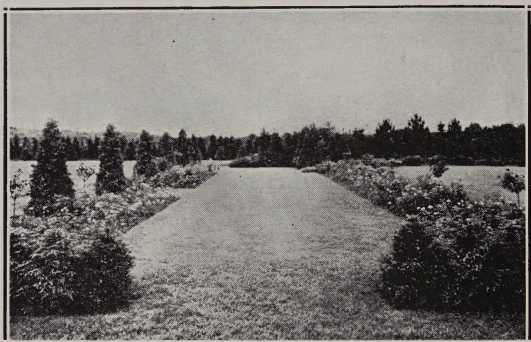

For the convenience of our customers we can supply an experienced and responsible planting service. These same experienced men are available during the summer and winter to do your trimming. A very essential operation for the appearance and well being of any successful planting.

PRICES:

Prices in this book supersede all previous lists and are subject to change without notice.

Adams Display Gardens

A living catalogue of
"Better Plants For New England"

Rose Garden of Over 100 Varieties

We cordially invite you to visit our gardens. You are welcome at anytime to go where you please and stay as long as you like. You will not be approached unless you express a desire for service.

Here you may study and compare the better hardy plants. The Rock Gardens with many interesting Alpines should burst into bloom about April 25. The Bulb Gardens with thousands of tulips will be a beautiful sight May 15. A large Perennial Garden as well as a Rose Garden will add interest and color the entire summer.

"Better Plants For New England"

This is the title of an illustrated and fully descriptive catalogue of Hardy Plants for New England. Printed especially for us as a supplement of this price list. A copy will be gladly mailed upon request.

Testimonials

ADAMS NURSERY, INC.

Gentlemen:

We have completed the memorial planting for my son this afternoon.

I am glad to report that your nursery stock was excellent in every way. The plants were well selected, clean, sturdy stock, well dug and handled. I am most grateful for your attention to this order.

.....

Gentlemen:

Enclosed find check in payment of bill rendered June 13, 1940.

I would like to say that we were very much pleased with the work, and in fact always have been. I think that your planting foreman, who did the work, was very thorough and efficient.

.....

Gentlemen:

It is a very great comfort these days to deal with a firm like yours. Your guarantee means something and I think it quite wonderful that you should send me specimens as good as if I had picked them out myself. I would like you to know I appreciate this service. Please find my check inclosed.

.....

"Better Plants For New England"

An illustrated and fully descriptive catalogue of Hardy Plants for New England. Printed especially for us as a Supplement of this Price List.

A copy will be gladly sent to you upon request.

Roses

We recommend dormant roses for early spring planting and up to about April 20. After that date place your order for our potted roses. Delivery will be made when thoroughly established, about May 20. They will be in full foliage and guaranteed to bloom.

Potted Roses

The illustration below gives you a good idea of the quality and condition in which you will receive our

Potted Roses. Just remove the paper pot by slitting down the side; plant so that the top of the earth is 4 to 6 inches below the surface, and water well. Our Potted Roses will not stop even to catch their breath before they will supply you with an abundance of bloom.

80 cts. each, \$9 per doz.

Our Landscape Department staff will be glad to discuss your rose planting problems. Make an appointment at our office or at your home, as may be most convenient to you.

Hardy Garden Flowers

(PERENNIALS)

These flowering plants will brighten your lawns, shrub borders and gardens, and may also be cut for house decoration. The height, color and flowering season of each variety are given in the following list.
